<sup>(\*)</sup> Our manufacturing sites serving automotive business apply the IATF 16949 standard. The IATF certifications confirm our compliance with requirements regarding the quality management system in the automotive industry according to IATF 16949. Referring to customer requirements and customer specific requirements ("CSR") TDK always had and will continue to have the policy of respecting individual agreements. Even if IATF 16949 may appear to support the acceptance of unilateral requirements, we hereby like to emphasize that only requirements mutually agreed upon can and will be implemented in our quality management system. For clarification purposes we like to point out, that obligations resulting from IATF 16949 shall only become legally binding if individually agreed upon.
